The Combined English/Writing score ranges from 1 to 36 and is a combined measure of the Writing and English tests. The Writing score ranges from 2 to 12. Your ranks for these two scores are based on recent ACT-tested students who took the Writing test.

COMMENTS ON YOUR ESSAY: YOUR ESSAY ADEQUATELY SUPPORTED GENERAL STATEMENTS WITH SPECIFIC REASONS, EXAMPLES, AND DETAILS. YOUR ESSAY MAINTAINED FOCUS ON THE SPECIFIC ISSUE IN THE PROMPT.

- ACT® test scores and the Composite score range from 1 to 36; subscores range from 1 to 18.

- Your Composite score is the average of your scores on the four subject area tests. Subscores do not necessarily add up to your score for a subject area test.

- Your ranks tell you the approximate percentages of recent high school graduates in the U.S. and your state who took the ACT and received scores that are the same as or lower than yours. A rank of 70, for example, means that 70% of students received scores that are the same as or lower than your score.

- Your test scores are only estimates, not precise measures, of your educational development. You will find more information about interpreting your scores in the booklet you received with this report and at www.actstudent.org.

Looking for more information about your individual strengths and test preparation? Go to www.actstudent.org.

*Your College Readiness: If your scores are at or above the following ACT benchmark scores, you will likely be ready for first-year college courses—English 18, Mathematics 22, Reading 21, Science 24.

Your College Reports

At your direction, your scores from this test date are being reported to the colleges shown below. College planning information is provided for the first four choices you listed when you registered or tested. (Fifth and sixth choices, if any, appear just above your first choice.) Your GPA was calculated from the grades you reported. To view additional college planning information or to send additional reports, visit **www.actstudent.org**.

Your Guide to College and Career Planning

- All college majors and occupations differ in how much they involve working with four basic work tasks: working with **People** (care, services), **Things** (machines, materials), **Data** (facts, records), and **Ideas** (theories, insights). These four basic work tasks are the compass points on the World-of-Work Map.

- The map is divided into 12 regions, each with a different mix of work tasks. The map shows the locations of 26 occupational fields, called Career Areas (A-Z). Each Career Area contains many occupations that share similar work tasks.

*If no regions are shaded, you did not answer enough interest items to permit scoring.
